

2021 VJBL PARENT ORIENTATION SUMMARY

Covid-19 Recap

- Prioritized the health and safety of our members
- No fines, suspensions, etc.
 - No outbreaks – we reintroduced basketball in a safe, conservative way

Tryout Recap

- Impressed by the athletes (effort, numbers, etc.)
- Thankful for the coaches and volunteers who came down to support

VJBL Prep Sessions

- Club Goal: get better every year (grading higher every year)
- Grading happens before season begins – most important part of the season
 - Top Age/Bottom Age: VJBL does their grading every two years (i.e., whatever the 14.1s were graded, that is where they will start for 16.1s)
 - Development Pathway: allows us to track progress of athletes
- These sessions allowed us to get our offenses, defenses, transition and press/press break in

Tournaments

- No communication from organizers of tournaments about safety efforts (i.e., Covid Safe Plan)
- Unknown circumstances regarding current Covid situation/outbreaks/restrictions
- Tournament games right before their first VJBL grading games
 - Unnecessary risk for injury – potentially six games in a weekend after 10 months off
- If you want to enter any tournament this year, you can.
 - Each team/coach will have to discuss if they want to play and register themselves
 - **DOC ADVISES AGAINST TOURNAMENTS – TOURNAMENTS NOT COMPULSARY.**
